### Background

The Budget Process Plan was approved by Council on 23 August 2018 in compliance with Sections 27 and 29 of the Municipal Systems Act.

To drive public participation, Nketoana Local Municipality established a number of IDP and Budget structures which allowed it to solicit inputs and comments from the diverse stakeholders.

According to the Budget Process Plan the annual 2019/2020 budget had to be tabled in Council by no later than 31 May 2019. The Draft Annual Budget for the 2019/2020 financial year will therefore be tabled in Council for approval on 31 May 2019. After the approval by Council, the budget & IDP will be made public and submitted to National and Provincial Treasury.

The 2019/20 Budget was a consultative process in which all S57 managers participated.

Throughout May 2019, Nketoana Local Municipality embarked on IDP and Budget hearings / road shows. The aim was still to solicit inputs and the public were invited in the form of public notice to make comments.

In the interest of public participation, Nketoana Local Municipality held IDP Road shows in all 4 towns. In general the municipality has complied with the IDP processes as enshrined in the Municipal Systems Act. The issues that were raised at the IDP and Budget Road shows, amongst others, include

- Service delivery Improvement
- Priority be given to new extension to have services
- Consider to buy than to lease assets for municipal utilisation
- High consideration of the utilisation of local suppliers

The annual budget of the municipality was consolidated taking into consideration all the departments' needs. The total revenue budget is R -331 320 793.26 which includes operational grants. Total operating expenditure is R 332 585 641.08 including Employee Related Costs, Repairs and Maintenance, Depreciation and Debt impairment. The operational budget is at a deficit of R -1 264 847.82. This is mainly due to Depreciation and Debt Impairment of R 41 210 808.00 and R 41 688 466.24 respectively. The very poor payment of services by the community also impacts negatively on the municipal revenue. The tariffs would also have to be reconfigured to at least allow a breakeven situation. Adequate staff establishment will also assist over reliance on professional services.

Capital Budget for 2019/20 is R 92 582 000, with the whole capital Budget being fully funded by grants.

#### Tariffs

After receiving inputs on the budget during the budget consultation we revised our proposed tariff increase to an average of 6% and all services excluding electricity, mainly because of the current CPI of 5.7%. It must also be noted that other overheads such as salary increases continue to be at a rate over the CPI which forms the major budget component.

The Electricity tariff will be proposed at 13.02% as guided by NERSA.

The departments have also proposed new tariffs in an effort to generate more revenue.

Water and Electricity, the municipality is using the IBT i.e. step tariff, meaning that the more services the consumers consume the more they pay.

Council will during the 2018/2019 year review its Organogram in pursuit of realising an effective and efficient cost benefit situation. This will positively impact on the expenditure as it currently seems bloated.
